Product description:

Fastfit Padded Leg with Head Support - suspension with padded leg sections and adjustable head support

Fastfit Padded Leg HS is a modern, full-contact sling for transporting patients, designed with the utmost comfort and safety of people with limited mobility in mind. Padded leg sections, adjustable head support, and thoughtful design details ensure stable support for the entire body during patient transfer and positioning.

The product is ideal for everyday care, rehabilitation, and clinical applications.

Why choose the High Easy Sling?

- **maximum safety and comfort** thanks to padded sections and backrest,
- **universal clip fasteners** (compatible with most lifts),
- **functional solutions** (hygienic opening, removable stiffeners) for easy daily care,
- **high durability** and high-temperature washability — ideal for medical facilities, nursing homes, and home use.

Adjustable head support with removable stiffeners

Enables individual adjustment to the patient's needs.

Full-contact sling

Provides even support for the entire body.

Split, padded leg sections

Increase comfort and facilitate correct positioning during transport.

Small hygiene opening

Facilitates care activities with minimal patient movement.

Purpose:

- safe transport between bed, wheelchair, armchair, or toilet,
- daily care for patients with limited mobility,
- rehabilitation and long-term care,
- positioning and assistance with hygiene activities.

Why choose Fastfit Padded Leg HS?:

- High comfort thanks to soft, padded panels,
- full body stabilization with adjustable head support,
- robust medical design,
- quick adjustment thanks to colored straps,
- easy to keep clean — washable at 85°C, dryable at up to 50°C.
