TECHNOMEX

Chair for hydrotherapy tubs

seating solution designed specifically for whirlpool treatments.

Features

- **Adjustable Seat Height**: Effortlessly modify the seat height between 580 mm and 800 mm using the chrome-plated pneumatic lift, offering a 230 mm range to accommodate various user needs.
- **Robust Construction**: The chair's base, with a 580 mm diameter, is crafted from polyamide reinforced with glass fiber, ensuring stability and durability.
- **Customizable Backrest**: The CPT mechanism seamlessly connects the seat and backrest, allowing users to adjust the backrest's height, angle, and its distance from the seat for personalized comfort.
- **High Weight Capacity**: Engineered to support up to 150 kg, the chair is suitable for a wide range of individuals.

Experience unparalleled comfort and functionality with the BETA II Chair, the ideal choice for enhancing your whirlpool treatment sessions.
