

T-MP DISCOVERY - Medical bathtub

Product short description:

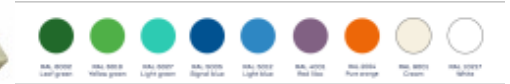

01.501.214 Producer: Technomex

T-MP DISCOVERY tub is design for comfortable and ergonomic balneological treatments. There are few options, so everyone can choose the device which suits the best to the specific requirements. With the optional retrofitting, you can also expand the range of applications of the model. All medical bathtubs are made of impact resistant glass fiber reinforced plastic GRP, which ensures long term work without investment and reduces the risk of bath coating damage.
