T-NP - Circular shower

Product short description:

Circular Shower, also known as the Ring Shower, is a hydrotherapy unit designed to deliver a full-body water massage experience. Circular design ensures that water jets reach all parts of the body, delivering a uniform and thorough massage. It features an array of strategically placed jets that surround the user, providing a comprehensive and invigorating treatment. Ideal treatment for enhancing circulation, reducing muscle tension, relieving stress, and promoting overall relaxation and well-being. It is particularly beneficial for patients with musculoskeletal issues, sports injuries, and chronic pain.
