Product description:

Orionmed - Therapeutic bathtub for zone hydromassage

Orionmed is a bathtub for automatic zone hydromassage intended for treatments, using 26 water nozzles distributed in three zones: (I zone - feet, calves; II zone - thighs; III zone - back), **Underwater massage** (option) using a water whip (with a convenient function of regulating water pressure), as well as to **pearl massage**, thanks to the use of a system of holes placed at the bottom of the bathtub. Particularly recommended for **rehabilitation** in biological renewal salons, for hydrotherapy salons.

Additional options:

- **HOSE:** jet hose for manual massage
- **CHROMO 12:** Bath with light effects: 12 single light sources
- **CHROMO 24:** Bath with light effects: 24 single light sources
- **CHROMO 36:** Bath with light effects: 36 single light sources
- **AUDIO:** High -quality speakers located under the device housing. For playing music, any CD / MP3 / WMA player is required equipped with a mini jack headphone output. The control takes place from the panel or remote control in the player
- **AROMA:** scent container, dosage during treatment by pressing a button
