Product description:

Hawaii - Pacific examination and treatment table

The Hawaii table is a modern examination and treatment table designed for therapist comfort and patient safety. The ergonomic design provides comfort for the therapist, while the wide table surface provides safety and comfort for the patient during treatment.

Features:

- 2-section or 4-section examination and treatment table with electric height adjustment by the means of a remote (controller).
- Head section adjustment by the means of gas spring.
- Head rest with shaped face hole with crescent plug.
- Foldable armrests lowered till max. 19 cm (only in version 4-section).
- Multi-layered and very soft padding of 15 cm thickness with upholstery in many colours.
- Trendelenburg/reverse Trendelenburg position (15°).
- The travel system consists of 2 extendable swivel wheels and 2 fixed wheels mounted on the front of the table, making it easy to transport the table (from unpacking to its destination).

The table is covered with a unique upholstery that is:

- Stretch-resistant
- Extremely soft and velvety
- Easy to clean
- Covered with **Silverguard®** for fungal and bacterial resistance.
- Resists many liquids, including **alcohol, oil, blood, and urine.**
- Low temperature resistant
- UV resistant
- Abrasion resistant

Additional options:

- An easy-to-use heating panel with two temperature settings for the padding of the **Hawaii examination and treatment table.**
- **LED lighting**, which allows you to choose your preferred lighting color to match the interior of your medical office.
- **The central mechanism lifts the transport wheels.**

Pacific Hawaii beauty table

The Pacific Hawaii cosmetic table is essential for aesthetic medical practices, professional beauty salons and spas where customer comfort and quality are essential. The table allows a wide range of cosmetic procedures to be performed and provides unparalleled comfort during a massage.

Thanks to the innovative electric control, adjusting the position of the table is extremely easy, allowing both the client and the therapist to adjust it to their own preferences. The table's classic design and functionality make it not only an indispensable work tool, but also a fantastic element of a modern spa salon.
