Product description:

Elemental Ice E-S2 - Massage table

The **Elemental Ice E-S2** massage table is designed for performing manual massage treatments to treat and alleviate traumas or disabilities by restoring or improving the function of massaged tissues, organs and systems.

The clinical benefits of massage tables are based on the fact that it is possible for the patient to take the right position for the massage treatment, the possibility to adjust the height and/or individual sections of the table, which facilitates the work of the rehabilitator/physiotherapist and increases the comfort of the patient during the massage treatment.

Elemental Ice E-S2 - Massage table by **Meden-Inmed** is appreciated by therapists all over the world.

Features:

2-section massage table.

Adjustable head, leg section with gas springs.

Round face hole in the head section with 2 removable face hole covers (crescent, round).

2 side brackets for the fixation of stabilization belts

Electric height adjustment: 48-96 cm via hand-operated remote controller (with authorization) or foot controller to choose in standard

High/low height adjustment foot bar accessible from each side of the table - option (replaces remote controller).

Maximum lifting capacity up to 180kg.

Maximum working load up to 250kg.

Locking safety system on the remote controller.

Types of base

Massage tables from Elemental Series are equipped with two types of wheeling systems. You can choose between 2 small wheels with rubber feet or add the integrated F2 mechanism, which adds two additional wheels for increased maneuverability and seamless transport.

F0 - Wheeling system

Constructed with durable materials, the Elemental Table is equipped with 2 legs featuring rubber feet and 2 small wheels, facilitating effortless relocation by lifting from one side. This feature-rich system is ideally suited for users who only occasionally need to move their Elemental Table, ensuring both stability and convenience in its use.

F0+F2 - Wheeling system

The innovative design of the massage table ensures stability and ease of movement thanks to the combination of two small wheels and two sturdy feet. The integrated F2 mechanism, consisting of two casters, enhances maneuverability and allows seamless transport and positioning of the table in various therapy settings.

Elemental Series

A unique experience for your patients
