Product description:

Vertimo Hi-Lo - Tilting table

The **Vertimo Hi-Lo** is a very popular patient tilting table in the field, offering the following features **easy pivot angle** and **height adjustment** for working with neurological patients.

Features:

- 1-section table.,
- 2 electric actuators – one ensures smooth tilting; the other one adjusts height.
- Electric height and tilting adjustment with manual remote control with the function of access authorization - authorization is done by a special key placed in the remote control.
- Two-layer padding with upholstery in many colours.
- Powder coated, very stable steel frame.
- 2 separately adjustable footrests.
- Brackets for the attachment of fastening belts (standard accessories).
- 4 large separately lockable castors (rolling and rotation lock).
- Tilt angle indicator.
- Emergency power supply battery (allows table lowering to min. height and return to horizontal position at power failures).
