Prestige Series

A unique experience for your patients

For the patient, comfort during the treatment is very important. With the Prestige Series of massage tables, you can guarantee your patients comfort and a sense of security during the therapy!

The Prestige E-S2 massage table features:

2-section massage table with a long head section

Adjustable head section from 0° to +85° with 2 gas springs.

Face hole in the head section with 2 removable face hole covers (round, crescent).

Optional 2 side brackets for the fixation of stabilization belts and elastic bands or 2 retractable side railings for fall prevention.

Rubber feet with 1 cm height adjustment allowing for the levelling of the table.

Personal Authorization Safety System with 2 safety magnetic keys.

HalloTronic® System for electric high/low height adjustment from 47 to 95 cm with a lifting capacity up to 225 kg

Two ways of frame painting: ,,white'' or ,,twintone''.

Types of base

You can choose between F0 and F4 wheeling system. F0 system composed of 2 legs and 2 small wheels allows for moving of Prestige Table by lifting it from one side. The system is recommended for users who relocate their Prestige Table less frequently. F4 system composed of 4 directional castors with central brake allows you for a very easy and fast relocation of Prestige Table with or without a patient.

F0 - Wheeling system

Composed of 2 legs with rubber feet an 2 small wheels for moving of Prestige Table by lifting it from one side. It is recommended for users who relocate their Prestige Table less frequently.

F4 - Wheeling system

Composed of 4 directional castors with central brake allows you for a very easy and fast relocation of Prestige Table with or without a patient.

Technologies

Personal Authorization Safety System

Tables have an integrated electronic control unit allowing for height adjustment and adjustment of the postural drainage option with an indication of stand-by mode (green light) and Personal Authorization Safety System (PASS). Each Prestige Table is equipped with two magnetic safety keys (PASS Keys) in order to prevent unauthorized use of a table which may lead to severe accidents and compensation claims.

Hallotronic® Technology

We care about your working comfort! That's why we invented the unique HalloTronic® System that enables high/low height adjustment via hallotrons without the use of mechanical switches. Thanks to HalloTronic® System you can choose the right height of your Prestige Table without effort and noise.

Prestige - Massage tables are widely used in:

Sanatorium

Massage tables from the Prestige Series are a top-quality choice for sanatoriums, offering a comprehensive range of solutions designed to meet the needs of even the most demanding customers. Built with advanced technology and precision craftsmanship, these tables fully **support the recovery and relaxation process** of the

client.

Rehabilitation clinics

Prestige massage tables are unparalleled in their class, providing comprehensive solutions for rehabilitation centres that are critical to the recovery process and **improving patients' quality of life.** These tables offer not only comfort but also **effective therapy**, thanks to their advanced technology and precise workmanship.

Upholstery in Prestige Series

Choose the color most suitable for your office. The upholstery material is waterproof, antibacterial and easy to clean.
